Vidster

Make Your Own Movies

Record all your great sports moments with these video cameras designed for kids.

Vidster takes up to 10 minutes of video or dozens of still photos. The camera comes with editing software and connects directly to your TV for easy playback. **Vidster** has a flip-out 1 1/2-inch color screen. It holds up to 480 photos or records seven minutes of video. You can watch your productions on a TV or computer. The **Tony Hawk HelmetCam** straps to any bike, snowboard, or skateboard helmet. It has a built-in microphone with a 12-foot range and records for up to six minutes. Editing software is included for making videos.

Vidster: www.mattel.com, \$79.99; **Vidster:** www.hasbro.com, \$79.99;
Tony Hawk HelmetCam: www.playdigitalblue.com, \$99.99 (helmet not included)
